### **About Cyrca**

Cyrca is a leading developer of specialized medical insurance programs. Cyrca was formed to focus on the design, implementation, and operation of customized programs delivering cost savings to its clients (HMOs, provider groups, and government agencies). Differing itself from other firms choosing to offer certain specialized medical programs as an ancillary line of business, Cyrca is *solely* dedicated to offering tailored catastrophic products and services. These include management of the risk and care for organ and tissue transplants and catastrophic case management. Cyrca services include: reinsurance of transplant risk; 24/7 access to medical support; access to a staff of MDs, all specialists in transplant care; access to a network of transplant providers (all Medicare certified, the Gold standard) and a claims adjudication process that goes well beyond simple claims payment. Cyrca provides its clients expertise combined with convenience, access to acceptable security, competitive pricing, excellent information/reporting, as well as stability and service.

### **Health Net, Inc.**

Health Net, Inc. is among the nation's largest publicly traded managed health care companies. The company's HMO, POS, insured PPO and government contracts subsidiaries provide health benefits to approximately 7.3 million individuals in 27 states and the District of Columbia through group, individual, Medicare, Medicaid and TRICARE programs. Health Net's subsidiaries also offer managed health care products related to behavioral health and prescription drugs, and offer managed health care product coordination for multi-region employers and administrative services for medical groups and self-funded benefits programs.
